

Rejection hurts—but it's not the end of the story. ♥

This May, be encouraged by powerful, real-life stories on how to overcome rejection:

- ✦ A woman on the edge of a broken marriage, rejected by her family
- ✦ A former principal torn between her high-pressure career and family responsibilities
- ✦ A young man repeatedly denied a spot in the Punjab Police—until prayer changed everything

Let hope speak louder than rejection. ♥
